**Acreage: 100 acres — 75 in pasture and 25 in woods.**

**Growing Practices: Sustainable Agriculture System in that all production approaches are Environmentally Sound and Economically Feasible. Organic and Natural Products and methods are exclusively used in production.**

**Mark N. Reynolds** owner and operator. I have lived in Albemarle County since 1980 and owned property since 1987. I am a Animal Science graduate of the University of Maryland. I have twelve years experience managing purebred cattle farms. I was the Agriculture extension agent here in Albemarle County for thirteen years. I have been for the past eight years teaching agriculture and horticulture in the local school systems, hoping to retire to full time farming in the next two years. I have had sheep and goats off and on the past twenty years selling mainly to weekly auction markets. Three years ago I made a commitment to taking the farm full time in five years producing high quality meats directly to consumers. I sell at the Charlottesville City Market, on the farm by appointment and a winter buyers club. I also breed and sell Maremma Livestock Guardian dogs.
