

The Orchid Station

Barboursville, VA

Albemarle County

Grows: Orchids

At the City Market: April—October

Acreage: 8000 Greenhouse

Growing Practices: Standard orchid culture. Primary crop Phalaenopsis, Propane heat.

The Orchid Station is a family owned and operated orchid nursery located just north of Charlottesville, Virginia. We are primarily a wholesale nursery supplying blooming orchid plants to retail outlets in the D.C. metro area. We have been in operation since 1989. Although most of our plants are sold to wholesale outlets, we enjoy selling plants at farmers markets. We have been a vendor at the Charlottesville City Market on Saturdays for over 15 years and now sell at Forest Lakes Market on Tuesdays, as well as the Archwood Green Barn Farmers Market in The Plains, VA on Sundays.

We currently have 8000 square feet of the greenhouse space. Our primary crop is Phalaenopsis orchids, although we have other genera available on a limited basis. We have between 15-20,000 orchids at any given time and sell about 30,000 plants per year. The Orchid Station is open to public twice a year for Open House or by appointment.
